Are you interested in joining a diverse and global organization with locations all over the world? As one of the largest steel companies in the world and the second largest minimill steel producer in North America, Gerdaú counts on its people to take the Company to the next level. Could you be one of those people?

Gerdaú is the leading producer of long steel in the Americas and one of the largest suppliers of specialty long steel in the world. With over 45,000 employees, Gerdaú is globally recognized for quality, excellence and safety in the workplace. Gerdaú has been in business for 110 years and has 350 locations in 14 countries. These locations support the steel production process, from raw materials to sales, which enables Gerdaú to efficiently provide quality products and services for its customers.

Are you an Engineering student looking for a paid Summer Internship? The Gerdaú Internship Program provides an exciting and educational opportunity in which students can experience the steel industry through meaningful and challenging work assignments and projects.

Are you an Engineer about to graduate and looking for your first job? The Management Associate Program is a 24-month program designed to attract and develop top talent into strong well-rounded future leaders of Gerdaú. It is an intensive program that utilizes on-the-job training, classroom training, coaching and ongoing mentorship by senior management.

To learn more about opportunities at Gerdaú please join Dr. Floyd H. (Skipper) Yocum for an Info Session on March 6th at 5pm. The Info Session will be held at The University Center, Suite 220. Refreshments will be served!

Dr. Yocum is Director of Asset Reliability and Maintenance for Gerdaú North America. As Director, Skipper is responsible achieving World Class maintenance performance and protecting the $2B in assets. Skipper received his BS, MS in Chemical Engineering from Lamar University and his Doctorate in Chemical Engineering from Tulane University.

Please RSVP by February 29th. Email Hannah Tropsha at Hannah.Tropsha@gerdau.com.
