NUCLEAR ENGINEERING

FALL 2014

Instructions: Print out this sheet and, using your DARS report for the catalog year you have signed up for and using the “Printer Friendly option, mark the boxes below that you do NOT yet have credit for. These are usually denoted by red print and the word “need”.

1 Arts and Humanities General Education Elective
2 Cultures and Civilizations General Education Elective
3 Social Sciences General Education Elective

*Technical electives are selected from upper division (300+) mathematics, chemistry, physics and engineering (including NE) courses and must be pre-approved by the department. (Also can use NE 500+ courses)
