The meeting was called to order, Larry Townsend presiding. A quorum of the executive committee was not present; therefore, agenda items requiring executive committee approval were deferred until July.

#### Secretary's Report

The meeting minutes from May and June will be submitted for approval in July.

#### Program/Arrangements

Larry Miller recommended that the Local Section go ahead and lock in the Garden Plaza and Fox Den on a rotational basis for all future dinner meetings. Larry was asked to go ahead and implement his recommendation by the Chair and Chair Elect.

#### Treasurer's Report

No report.

#### Education

Materials to support the July 10<sup>th</sup> Teachers' Workshop at Watts Bar are being procured. There was discussion on conducting another Teachers' Workshop at Spectrum 2000. Steve Bowman is going to provide a contact with the school system in Chattanooga who will assist in advertising the Workshop. Bill Hill and Larry Miller will work out the date, place, length,

and scope of the Workshop. Bill is also pursuing conducting a Workshop at the Tennessee Science Teachers Association (TSTA) Convention in October. The Local Section has conducted a workshop at this convention for the past 3 years.

### **Topical Meetings**

Spectrum 2000 now has approximately 230 papers for review. The auction to decide which papers will be accepted will be conducted over the June 24th week-end. One problem being encountered is the Local Section's credit card account has expired, so we cannot accept credit card charges. This is expected to be remedied in 3-4 weeks.
